ABP London

- Our exciting new development at Royal Albert Dock will become London's third business district providing a unique trading link between Asia and Europe.
- Our planning application to create a 4.7 million square feet complex of offices with supporting residential and retail units and public squares has been approved by Newham Council.

- The new district will be the gateway for 21st century trade links between the Asian and European markets, attracting new companies to set up their Europe headquarters at the Royal Albert Dock. It will bring much needed investment into London and the UK, worth some £6 billion to the UK economy, and create up to 20,000 new jobs.

ABP Beijing

- ABP Beijing is located in Southwest Fourth Ring Road. Since its foundation on June 19, 2003, about 400 distinctive headquarters buildings have been established, and their intelligent, low-density and ecological characteristics have attracted a large number of enterprises. So far, more than 400 large and medium-sized enterprises at home and abroad have entered into the ABP core area, and high-tech enterprises (mostly industry leaders) have accounted for 85% of these enterprises.

ABP Northeast China

- ABP is undertaking a development in Shenyang, the largest city in north eastern China, which at 75 million square feet is around five times the size of the development in Beijing. ABP has already delivered 120 buildings at ABP Northeast China, with a further 300 or so to be completed over the next two years.

ABP Qingdao

- One of the latest ABP projects in China is in the eastern coastal city of Qingdao where the company is on track to complete the first 100 of 300 office buildings next year. It will be the largest cluster of office buildings in eastern China and will be home to 1,000 different enterprises.
